PHILOSOPHY STATEMENT

Woodside Primary School Out of School Hours Care Service will strive to provide a safe, supportive & caring environment which will create positive & meaningful relationships, with children, families & staff.

All children, staff and families are expected to respect & support each other irrespective of differences. All children's individuality will be nurtured, creating a Service inclusive of all families. We will respect and recognise the child's primary carers are responsible for the upbringing, protection and development of the child.

This will be achieved by working in partnership with families & the community. We will provide a varied play-based program which will be fun for the child, while teaching and modelling healthy and safe lifestyle choices. Our program will provide quality experiences, which will be age and developmentally appropriate, encourage exploration & spontaneous play, provide positive social interactions, give children direction in life skill areas & encourage further learning.

Staff, children and families are encouraged to provide input to our program. We will provide opportunities for children to be active members of the larger community, to create a sense of belonging. We will provide direction to families if they need assistance in accessing Community Services. Staff are given the opportunity to participate in regular training to provide continuous improvement to the Service as a whole. Regular reflective practice will reinforce this philosophy as our foundation for a Service in which everyone is of paramount importance.

Our Program

Our Service complies with the National Quality Framework and My Time, Our Place requirements. Staff, in collaboration with the children, put together a fun and varied program each week based on the principles of reflective practice.

Before and After School activities are designed and structured to be inclusive of all children, allowing them all to learn new skills and also further develop existing skills across many areas. The program is displayed in the room for your perusal.

The children are encouraged to be active, enjoy the outdoors and respect and nurture the environment. Our program includes a focus on the importance of sustainability, recycling through many art designs, care of animals and life skills. The OSHC Veggie Garden sees the children being actively involved in the whole process from, deciding what to plant when, growing needs of specific plants, right through to cooking and eating our very own produce.

Children are given the opportunity to be involved in playing and learning a variety of different sports and games. We have a large and varied range of sports equipment for the children to use during their time at OSHC. Inside the OSHC Room children can be involved in many activities including games, construction activities, technology and dramatic play. Art & craft is always available for children to participate in.

Children are offered opportunities to participate in leisure and recreational activities, homework and friendly discussion in a caring and nurturing environment. Nutritious and healthy food is provided each day following the Right Bite program for school aged children. Breakfast is available upon request until 8.00 a.m. Afternoon tea is provided during both After School Care and Vacation Care. The children have input into the weekly menu based on healthy eating guidelines. Many children enjoy cooking with the carers and get excited about providing their 'own' recipes for the group to eat.

Our OSHC Room is a constantly changing display centre for all children's masterpiece creations. Vacation Care is always an exciting and stimulating experience for all children.

A large variety of activities are programmed both at OSHC and further afield. We encourage prompt bookings for required days as places fill quickly.

As Staff Members We Value Your Involvement

We understand what a difficult decision it is for you when considering care for your children. As staff members we feel that our service provides a caring, safe and fun-filled environment for your children.

This type of care can only be achieved to the high standard that we maintain by input received from children, families and staff.

We encourage families to be involved in our Service by participating if they are able in any of the following areas:

- Input into the program or nutrition area of OSHC is encouraged. If you have any talents/skills you would like to share with the children please speak to the Director, we would really like parents/caregivers to be involved in this way if they are able to spare some time. The children also get really excited when 'their' family is here to help.
- Our staff team and the OSHC Advisory Committee work together to fundraise to enable us to purchase items for the children's enjoyment. If you are able to help us out with fundraising it would be greatly appreciated.
- Programming suggestions are welcomed. If you have any ideas please don't hesitate to let us know.
- We love getting your feedback. Please take the time to complete the feedback forms that you receive during the year as all information is compiled and used to improve the service we offer your family.

We thank you for considering the above 'jobs' and look forward to welcoming you to Woodside Primary School OSHC.
